Staff members who worked on this revised edition are Danica Denommé, Kam Aujla, and Katherine Palmateer.

Content and contact information was revised in February 2014.

INTRODUCTION

Safe and healthy communities are a concern for all community members, including service providers and governments. A significant threat to the safety of our communities is violence and crime. This document addresses a specific kind of crime: hate crime. A perpetrator targeting a victim(s) with specific characteristics due to prejudice and/ or bias is called a hate crime. Hate crimes or related incidents range from bigoted propaganda to violence. Hate crimes negatively impact the sense of safety in a community and create a climate of fear.

The Abbotsford Community Protocol is designed to help community members and stakeholders react promptly and effectively with resources and a step-by-step response guide whenever critical incidents of discrimination, hate crime or related incidents occur.

DIVERSITY EDUCATION AND RESOURCE SERVICES PROGRAM

Background Information

The Diversity Education and Resource Services Program at Abbotsford Community Services has a long history of cross-cultural, diversity and human rights education and awareness initiatives in the community.

In 1999 the Diversity Education Program received funding through National Crime Prevention to establish a community response team against hate and discrimination. The team, comprised of community members and key stakeholders, took on the name **Fraser Valley Human Dignity Coalition (FVHDC)**. In the pursuit of social justice and equity, the Coalition promotes the values of human rights and dignities and a safe and healthy community for all.

Fraser Valley Human Dignity Coalition

Coalition Goals

- Promote the value of diversity, human rights and dignities
- Bring community awareness to incidents of discrimination and hate crimes
- Respond to issues and concerns related to human dignity in the community as needed
- Bring community awareness to resources available to victims of hate motivated crimes and discrimination

Coalition Mandate

The Fraser Valley Human Dignity Coalition's (FVHDC) mandate is to promote the rights and dignities of all community members. As a Coalition of community partners, we believe every person has the right to be treated with dignity, respect, fairness and compassion. The Coalition's underlying premise is that all members of the human family live without fear of discrimination, intimidation and violence due to race, ethnicity, class, gender, family status, sexual orientation, religion, mental and physical ability, age or political beliefs.

Coalition Membership Policy

Coalition membership is open to all residents and organizations in the Fraser Valley. All new Coalition members are required to agree to and sign a Code of Ethics Form to ensure a confidential and safe forum for community dialogue and action. If a member breaks the Code of Ethics, they will be asked to meet with the involved parties to resolve the issue. If the issue is not resolved, the member may be asked to relinquish their membership. A person who has relinquished their membership may still be invited to community events supported by the Coalition. For more information on membership, please contact the Diversity Education Coordinator at 604-859-7681 Local 270.

Coalition Members and Partners

The Coalition is comprised of a broad range of community services providers, organizations and community members. Coalition initiatives and events are also regularly supported by community groups and organizations which are referred to as Coalition community partners. The Coalition 2013-2014 members and partners include the following stakeholders and organizations:

ABBOTSFORD COMMUNITY PROTOCOL AND THE CRITICAL INCIDENT RESPONSE MODEL

Background

The Diversity Education program and Coalition members and partners have created the framework for the Protocol in March 2004 and then revised the document in June 2008. The Critical Incident Response Model is an approach offered by the Ministry of Attorney General's Anti-Racism and Multiculturalism Unit to assist 25 communities in addressing and responding to issues of discrimination and hate crime.

The provincial model is based on three levels of community participation. In the first level or step, the Ministry provides leadership and resources to communities for public education and cross-cultural dialogue. The second step involves Ministry support of community-led initiatives that assist in the development of partnerships between community stakeholders. The third step is where partnerships that have been established will work together to create a response protocol to critical incidents of racism and hate. Following the third step is the continuous implementation of this protocol.

Intent and Purpose of Protocol

Just as communities have mechanisms in place to respond to disasters, traumas and crisis situations, this protocol intends to give the community the tools to be prepared in the event of a critical hate motivated incident. The protocol acts as **a community-based mechanism for the quick assessment and responsive action towards critical incidents of discrimination and hate motivated incidents.**

This Protocol **outlines procedures to respond to incidents** of discrimination, hate crime or activity stemming from prejudice, stereotypes and xenophobia. It provides a **step-by-step, easy to use guide** designed to help community members and stakeholders react promptly and effectively whenever discrimination or a hate motivated incident occurs. The Protocol also offers referral to relevant resources and **a list of key terms and their definitions.**

It is important to note that the Protocol does not intend to have all stakeholders become expert practitioners of victim support, the enforcement of human rights legislation or the criminal code. Nor is it the intention to have every stakeholder understand the complexities of hate crime and related activities.

Definitions

To assist in the reading of the Protocol and the understanding of the issues surrounding discrimination and hate crime, a list of key terms is provided.¹ The list of terms is not comprehensive and in some cases definitions vary according to the source. For more information or education opportunities and materials refer to Diversity Education and Resources Program at Abbotsford Community Services.

¹ Definitions have been compiled from several sources including the following: Responding to Incidents of Racism and Hate: A Handbook for Service Providers, BC Human Rights Coalition 2003; Anti-Racism: Terminology, Concepts and Training, Ministry Responsible for Multiculturalism and Immigration 1994; BC Hate Crimes Team.

Ableism is discrimination on grounds of physical or mental ability.

Ageism is discrimination on grounds of age.

Cisgender is used to describe a person whose *gender identity* matches the sex assigned at birth. (Ex. An individual who is born biologically female and also has the gender identity of woman).

Cissexism is discrimination on grounds of gender identity and gender expression. (Ex. Denying rights to a person because their appearance, clothing or mannerisms, such as the right to use a public washroom or the right to receive service.)

Classism is discrimination on grounds of socio-economic status or class.

Bias is an inclination, opinion or preference formed without any reasonable justification. Bias is reflected in a person's prejudices or attitudes towards a different race, class, gender, cultural background etc. and can often result in unfair treatment of individuals or groups.

Bigotry refers to the character or conduct of intolerance towards another's beliefs, religion, race, sex, mental or physical ability or sexual orientation.

Discrimination is when prejudice and bias move from a state of opinion or mind to action. Discrimination means to treat a person or group differently or negatively because of prejudice and bias. This can take on many different forms such as harassment, unequal pay or benefits, unequal conditions or service provisions, to hate propaganda.

Gender is the range of physical, mental and behavioral characteristics pertaining to, and differentiating between, masculinity and femininity (ex. woman, man, transgender, or other).

Gender Expression is any and all mannerisms and personal traits, which serve to communicate a person's identity and personality as they relate to gender identity and gender roles. It is how a person expresses their gender to others.

Gender Identity is a person's private sense, and subjective experience, of their own gender. It is a person's self-identification of their gender.

Harassment can take the form of physical, visual or verbal conduct that is unwelcome, discriminatory, involves intimidation or an abuse of power and denies the respect and dignity of an individual.

Hate/Bias Crime is a criminal offence committed against a person or property which is motivated by the suspect's hate, prejudice or bias against an identifiable group based on race, religion, sex, gender, age, mental or physical ability, sexual orientation or any other similar factor (as defined in section 718.2 of the Criminal Code of Canada).

Hate/Bias Incidents are those actions that are not criminal in nature and may be covered by the Human Rights Code of Canada.

Heterosexism is discrimination by heterosexuals against homosexuals.

Homophobia is a fear or hatred of homosexuals or homosexuality.

Intolerance is not allowing, or enduring differences in opinions, teaching, worship, lifestyle etc.

Prejudice (Bias) means to 'pre-judge' and is an attitude towards a person or group. When applied to racism, prejudice refers to beliefs or attitudes about an individual or group based on negative or positive stereotyping. Internalizing prejudice leads to bias, which is a predisposition to build on stereotypes. Together prejudice and bias form the motivation for discrimination. Prejudice and bias are a state of mind and there are no laws to prohibit them.

Privilege is a special advantage, immunity, permission, right, or benefit granted to or enjoyed by an individual, class, or caste that belongs to a certain group.

Propaganda is the systematic propagation of a doctrine or cause or information reflecting the views and interests of those advocating such a doctrine or cause.

Racism refers to a set of beliefs that asserts the superiority of one 'racial' group over another (at the individual as well as institutional level), and through which individuals or groups of people exercise power that abuse or disadvantage others on the basis of skin colour, racial or ethnic heritage, religion, or legal status.

Individual Racism is any action or practice which denies equity to any person because of their race, religion, ethnicity or culture.

Systemic Racism refers to the social and organizational structures, including policy and practices, which whether intentionally or unintentionally exclude, limit and discriminate against individuals not part of the traditional dominant group. Systemic Racism is most often an unconscious by-product of ethnocentrism and unexamined privilege.

Racialization is to differentiate or categorize according to race and to impose a racial character or context on something or someone.

Relevant Service Providers are service providers that offer services and resources that are directly related or useful in the event of a hate crime or critical incident involving discrimination.

Sex is the biological distinction between male and female.

Sexism is discrimination on the grounds of sex.

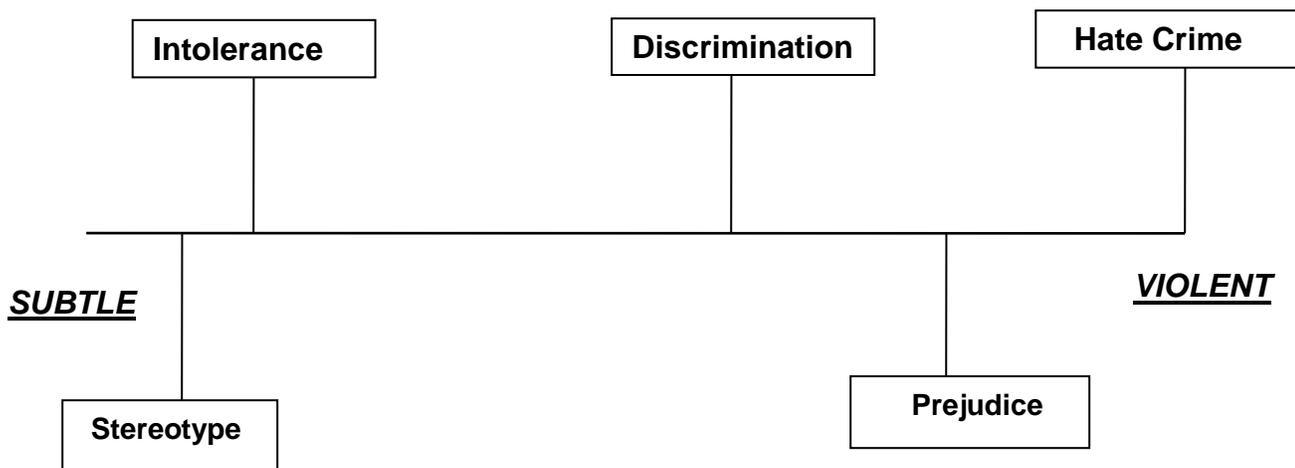

Stakeholders in context of the Abbotsford Protocol refer to the service providers, organizations and institutions within Abbotsford who have invested interest in the health, safety and vitality of the community.

Stereotype is a false or generalized conception of a group of people which results in the unconscious or conscious categorization of each member of the group, without regard for individual differences. Stereotyping may relate to race, age; ethnicity, linguistics, religious, geographical or national groups; social, marital or family status; physical, developmental or mental attributes; and or gender.

Xenophobia is fear of other people, groups, or cultures that are different from one's own. The term is usually used to describe the phenomena where the dominant group of a country feels fear of 'foreigners', their customs and culture.

Forms of Discrimination

The following illustration depicts discrimination and summarizes situations and events that range from the covert and subtle to the overt and violent. This Protocol is a response to address incidents that fall on the right side of the continuum - incidents of discrimination and bias that are overt and violent. The examples below may be familiar, as some are adapted from actual events in the Fraser Valley and Lower Mainland.

Examples:

Intolerance: Not allowing someone to marry/partner with whoever the person chooses to marry/partner.

Stereotype: White people do not care about their parents.
Asian people cannot drive properly.

Prejudice: A female thinking that she would never date an Indo-Canadian male because she thinks Indo-Canadian males are aggressive.

Discrimination:

A local technology company preferring to hire those less than 30 years old feeling they are more knowledgeable of cutting edge technology.

A local restaurant refusing services to people with developmental disabilities.

Examples of Hate Crime:

An elderly Sikh man is beaten by a group of people connected with a white supremacist group.

A group of people deface a lesbian-led family's home with bigoted graffiti.

Protocol Roles and Expectations

For a Protocol to be effective, it is important to have clearly defined roles and expectations of those involved. The following is a breakdown of the expectations from participating organizations and service providers.

Role of Abbotsford Police:

As the organization responsible for responding to hate crimes the Abbotsford Police will:

- Provide a senior manager to participate in the ongoing work of the Coalition.
- Fully investigate all incidents of hate crime and hate motivated incidents.

Role of Diversity Education and Resource Services of Abbotsford Community Services:

As a program of Abbotsford Community Services, Diversity Education will:

- Encourage and support education and awareness opportunities for community members, students, professionals and employers.
- In partnership with Coalition Members, research ongoing funding for initiatives to support and enhance the protocol objectives.
- Maintain an updated list of relevant service providers, victim support and ethno-cultural organizations that can be accessed for referral.
- Support victim(s) by listening to their account, documenting their account, referring them to appropriate service or organization.

Role of Coalition

As a community based coalition of concerned citizens and service providers the Coalition will:

- Respond to the issues and concerns in the community as needed; support victims whose human rights and dignities have been violated.

Role of Relevant Service Providers

For this protocol to be most effective, service providers should be familiar with the manifestations of discrimination, hate and bigotry and be able to proceed and address the situation appropriately. In doing so, service providers are encouraged to learn about the key issues and terms.

Role of Community

Local businesses and organizations can support the protocol by becoming Safe Harbours and/or having the protocol on-site. Safe Harbour is about a vision for an inclusive British Columbia that celebrates strong, healthy and diverse communities. Many communities have realized that the elimination of racism and hate requires a commitment from all sectors of society. Safe Harbour engages a wide variety of supporters since it is a simple, practical and effective tool to better understanding and serving diversity.

Fulfilling the Safe Harbour vision starts with local storefront businesses and agencies. Each Safe Harbour announces to the community that it understands and welcomes diversity. Each location is a part of a growing network of smart, forward-looking businesses and agencies that are committed to better serving their diverse customers, clients, and employees. In order to be a Safe Harbour, key employee or employees of the business/organization need to attend the 2-hour Safe Harbour orientation on how to better equip storefronts to be a place of inclusion and to actively welcome and celebrate diversity. Safe Harbours also may serve as temporary sanctuaries for people who experience discrimination or harassment and briefly need a safe place to go to.

The Safe Harbour program is a BC government-funded program which is currently established in 35 BC communities involving over 370 businesses, financial institutions, agencies, libraries, and entire municipalities.

Protocol Mechanisms:

There are two key mechanisms involved in this Protocol. The first is victim support and the second is referral.

Victim Support

In the event of a non-emergency critical or traumatic incident of discrimination, one:

- Listens to the victim, acknowledging their experiences and validating their concerns
- Documents the incident and contacts the Diversity Education and Resources Office to report in order for the Fraser Valley Human Dignity Coalition to monitor, evaluate and follow up with the incident
- Provides prompt service or refer to the relevant service providers. Please see the resource list at the end of this document.
- Participates in a community response if needed, such as informing the media, joining a community dialogue and/or having a vigil.

Referral

- Refer the victim(s) to another agency when unable to provide the required services or when needs exceed capacity. Please see the referral list in the following page.

Referral List

The protocol is designed to help community members and stakeholders react promptly and effectively whenever critical incidents of discrimination or hate crime strike with resources and a step-by-step guide to respond.
